# customer relationship EXPERIENCE

By intelligently storing and managing customer's information, we've acquired extensive experience in the implementation and support of various CRM solutions. We can help you to optimize, centralize, and streamline your communications. The better we know our customers, the stronger our relationship can be with them (Better relationships = higher customer satisfaction).

---

# customer relationship EXPERIENCE

**We have expertise in delivering real-time analytics, dynamic dashboards, and email integration support. We also provide many collaboration tools which are tailored to our client's unique requirements. With the increased focus on the clients, it's more important than ever to nurture and expand your customer relationships, and with the help of salesforce, it becomes a lot easier to do so.**

# cloud service EXPERIENCE

If you are a business or an IT professional, the Cloud is a new innovative way to run applications. The cloud utilizes smart services to address today's challenges and tomorrow's opportunities with flexibility, cloud analytics, speed, and data security. We have extensive experience in the implementation and support of IaaS (Infrastructure as a Service) cloud services like AWS, Azure, and Google Cloud services.

---

# security solution EXPERIENCE

**Our depth of skills can transform security from a source of fear, risk, and complexity into a source of strength, value, and competitive advantage. We can serve as your trusted advisor for integrating and orchestrating your cybersecurity solutions globally, with the help of Firewall, SSL, VPN, and various web security solutions.**

# customer STORIES

I have been involved in big projects for major corporations and the team at Sysquare is the best that I have worked with. They are **timely, efficient** and use **best practices** in their development work.

**Nick Nanakos**  
Founder, TruckBux

It has been a wonderful experience working with Sysquare. The staff is very professional and **efficient**. They are very easy to work with, always ready with their suggestions and input. The work was delivered as promised and **on time**. **Commendable job!** Would love to work with Sysquare again.

**Amardeep Athwal**  
New Jersey, USA

We have worked with Sysquare on multiple projects over the past 5 years. We have found both their lead and staff to be very **accessible** and **highly capable** of fulfilling any goals we have thrown at them.

**Jason Finder**  
MD, Setzee, Inc.

They are professional and know their job well. They are **flexible** in their approach. They believe in meeting the timelines/deadlines. **Honesty and Integrity** is inbuilt in their organisation/job and profession. They are very much capable to take on tough assignments.

**Col. Navdeep Brar**  
Indian Army

To make the technologies reality, OnBord has engaged Sysquare as a partner to develop these technologies. Their **highly skilled** team, **thorough analytics** are best in class. OnBord's satisfaction with Sysquare will continue a long planned partnership in future technology development.

**James W Burns**  
CEO, Cybrigade, Inc.

Working with Sysquare was a pleasure. They were very **attentive**, on time, and **happy to answer** any questions I had. I didn't know much about app development before speaking with them and was able to learn a lot through the process of working with them.
